

ABOUT US

MISSION

SNAP Cats is dedicated to the rescue and care of special needs cats.

VISION

Animal shelters around the world are full. The first cats to be killed are special needs, seniors and those deemed "unadoptable." That's unacceptable.

SNAP Cats is a unique rescue and sanctuary located in Sonoma County, California. With campuses in Santa Rosa and Sebastopol, we rescue special needs cats from all around the world, house them, then find them warm, loving homes. We believe, if given time, that ALL cats can find the home that they deserve.

All of our SNAP Cats, regardless of special needs, age or temperament, are available for adoption. Those who are not adopted are able to live out the remainder of their natural lives here, in a peaceful, healthy, serene environment.

COMMUNITY

RESCUE & CARE

SNAP Cats' goal is to work with our local community and communities abroad, to help save the lives of special needs cats. Whether it's providing rescue and care, public education, or a rewarding volunteer experience, SNAP Cats offers a wealth of opportunity for everyone to become involved.

PUBLIC EDUCATION

SNAP Cats provides the community much needed information and education about often misunderstood topics, such as FIV, FeLV+ cats, and caring for specific special needs. This information is available on our website and is also discussed in free public classes at the SNAP Cats facility in Santa Rosa.

SNAP Cats welcomes group visits, e.g. school field trips, community groups and "special needs" organizations. If you're interested in bringing a group to SNAP Cats please email us. There is no fee to experience our wonderful world of special needs cats.
